Airave Access Point User Guide

The AIRAVE is a mini base station, or femtocell, that creates Sprint signal within your home or small office. About the size of a traditional wireless access point (WAP), the base station pipes voice and data through the Internet to the Sprint network, which then routes the call to the desired party. The base station maximizes wireless phone utility

AIRAVE User Guide - Sprint

Setting up Your AIRAVE™ Access Point 1. Disconnect the power from all devices on your network. 2. Place your AIRAVE close to a window and in a central location. For best results, place the AIRAVE in an elevated location, such as the top of a bookshelf or tall cabinet. 3. Connect one end of the yellow Ethernet cable to an available LAN port on your
